Dear Dave,

Rcur 11/3, here today, no need to check Martindale-Hubbell.

A friend schecked with Gannon. It has no law school and Posner also was not an undergraduate there.

Another friend checked with the NY Bar. Posner graduated from Hastings, SF/.

Surprising to me that such a directory made such a mistake and from at least the 1988 edition to the current one persisted in it, uncorrected.

I presume Posner's two Madison Ave. addresses are the office of his former partner, Joseph Fdrarra. I presume also that Posner keeps this address in the event he decides to return to the law. If he can show activity he does not have to be re-examined, as I understand it.

Probably a common fraud.

But anything you may get about him or his appearacnes will be welcome.

Thanks and best wishes,

Harold
